SOFTWARE ENGINEERING LEAD | PHP - LARAVEL / VUEJS - NUXTJS / CRM DEVELOPMENT

Engineering Lead with 11+ years of experience delivering high-performance CRM and travel technology platforms. Specialized in PHP-Laravel architecture, API-driven integrations, and scalable SaaS systems.

Currently leading the *Whitcup CRM* product team — driving multi-tenant module development, workflow automation, and system optimization for enterprise clients. Skilled at transforming monolithic applications into modular, high-availability solutions using Laravel, Vue.js, and Nuxt.js.

Known for combining hands-on coding with architectural strategy, mentoring teams, and driving continuous delivery pipelines that accelerate business outcomes.

Core Skills:

Backend: PHP, Laravel, CodeIgniter, Node.js, RESTful APIs, Microservices, Server-Side Rendering

Frontend: Vue.js, Nuxt.js, React.js, JavaScript, jQuery, HTML, CSS

Database & Infrastructure: MySQL, Query Optimization, Redis, IIS, Apache, Nginx

DevOps & Cloud: CI/CD Pipelines, Jenkins, Docker, AWS (EC2, S3, RDS), Azure AI Services

Architecture & Design: Modular Architecture, Performance Optimization, System Design Patterns, API-First Development

Project Leadership: Agile/Scrum, Sprint Planning, Code Review, Resource Management, Stakeholder Communication

Domain Expertise: CRM Platforms, Travel Tech Systems, Airline APIs, B2B/B2C Portals, Payment Gateway Integrations (PayPal, Moneris, Paytm, CCAvenue, Worldpay, Atom, SmoovPay, Reddot)

Professional Experience:

Lead Professional | vThink Global Technologies Pvt. Ltd., Chennai (May 2024 – Present)

- Leading end-to-end architecture and enhancement of *Whitecup CRM*, a multi-tenant enterprise SaaS platform used by 20+ clients across the US.
- Designed modular, reusable architecture improving deployment speed by **30%** and reducing maintenance overhead by **25%**.
- Built advanced workflow automation and dynamic RBAC structures, enabling customized CRM implementations within hours.
- Integrated RESTful APIs with ERP, mail, and third-party platforms ensuring **99.8% sync reliability** and faster client onboarding.
- Spearheaded performance optimization across PHP–Yii modules, resulting in **40% faster page load times**.
- Leading a cross-functional Agile team, enforcing CI/CD standards, and mentoring developers on code quality and best practices.

Tech Stack: PHP, Yii Framework, MySQL, jQuery, Redis, REST APIs, IIS, Git

Technical Project Manager | ClarityTTS, Chennai (Feb 2018 – April 2024)

- Oversaw architecture and full SDLC of *ClarityIBE*, *ClarityNDC*, and *ClarityGTS* — travel platforms processing **5M+ monthly API calls**.
- Directed a team of 8 engineers through Agile execution, sprint planning, and performance reviews.
- Designed and launched a Contract Automation Module reducing manual airline commission handling by **40%**.
- Architected high-volume B2B/B2C booking engines with **multi-GDS** integration and dynamic pricing algorithms.
- Deployed CI/CD pipelines and automated testing workflows, cutting release cycles from **2 weeks to 3 days**.
- Collaborated with business heads and CXOs to translate goals into technical roadmaps ensuring 100% project delivery compliance.

Tech Stack: Vue.js, Nuxt.js, PHP, Laravel, MySQL, jQuery, Git

Senior Software Engineer | Distributed Software Solutions, Chennai (May 2016 – Jan 2018)

- Engineered B2B and B2C booking systems for flights, hotels, and vacation packages with seamless multi-supplier integration.
- Built middleware APIs and connector bridges reducing integration timelines by **30%** and improving system stability.
- Led feature deployments and hot-fix releases ensuring zero downtime in production environments.
- Collaborated with QA and DevOps to ensure faster testing cycles and high-quality delivery.

Tech Stack: React.js, Node.js, PHP, CodeIgniter, MySQL, jQuery, Git

Software Engineer | Citus Soft, Chennai (May 2014 – May 2016)

- Developed an online education portal using modular PHP architecture for dynamic content and course management.
- Automated deployment processes by building Linux **.deb** packages, reducing manual setup time by **50%**.

Tech Stack: PHP, MySQL, JavaScript, jQuery, Bootstrap, HTML, CSS

Education:

MCA – Hindusthan College of Arts & Science, Coimbatore (2014)

BCA – Sri Venkateshwara College of Arts & Science, Peravurani (2011)

Certifications:

AWS Certified Solutions Architect – Professional (SAP-C02)

Microsoft Azure AI Essentials Professional Certificate

Ubuntu Linux Professional Certificate – Canonical

Career Essentials in Generative AI – Microsoft

Language:

English , Tamil
